

# Rilsan® Coated O Ring Cycle Stand

Part Number ST14

## Features

Our O Ring stand is a popular choice for town centres. The beautiful smooth lines give a clean uncluttered contemporary feel.

Constructed using 60mm diameter tube with strong 3mm wall thickness.

Rilsan® PA11 nylon coating is forgiving, energy absorbing and therefore non damaging to cycle frames. It is also a DDA compliant finish being "warm to the touch".

Rilsan® nylon provides the perfect long-lasting, abrasion resistant coating with durable corrosion protection.

The steel used in the manufacture of our cycle stands is readily recycled at the end of use.

## Options

Manufactured as surface mount bolt down or root fix version for embedding in concrete.

Cross rails (tapping tubes) can be added.

Stainless steel versions.

Galvanized finish.

Powder coated to any RAL colour.

Reflective tape bands can be applied.
