

# Galvanised and Rilsan® Coated Self-Assembly Toast Rack

Part Number ST27

## Features

- Allows for quick and simple assembly on site.
- Hot dip galvanized to BS EN ISO 1461 ensuring long lasting corrosion protection.
- Rilsan® PA11 nylon coating is forgiving, energy absorbing and therefore non damaging to cycle frames. It is also a DDA compliant finish being “warm to the touch”.
- All required fittings for assembly are included.
- Cycle stands are constructed using 48mm diameter, mandrel-bent mild steel tube.
- 50mm x 25mm box section rails fix to ground ensuring a strong secure structure.
- When installed the individual cycle stands cannot be removed as the fixing nuts are captive inside the box sections.

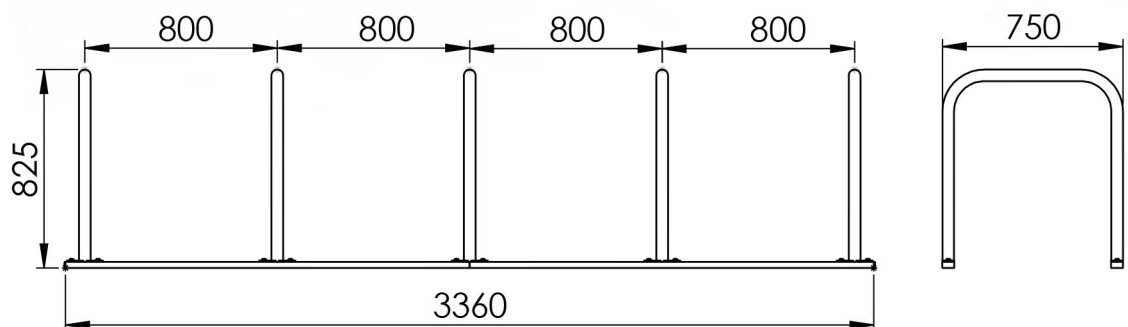

## Ground anchors required

- M12 diameter anchor bolts.
- 4 No are required per toast rack, which can be supplied at extra cost.

## Options

- Galvanised Hoops.
- 2,3,4,5 and 6 hoop available.
- Reflective tape bands can be applied.
