

# Stainless Steel Hoop Barrier

Part Number ST35

## Features

- Constructed using 60mm diameter steel tube.
- Fine satin brushed finish to Ra.5 as standard.
- Stainless-steel construction ensures simple recycling at end of use.

## Fixings required

For bolt-down type, use M12 diameter anchor bolts.

8 No are required per barrier, which can be supplied at extra cost.

## Options

- Any width or height can be produced.
- Root fix embedded or base plate versions are available.
- Reflective tape can be applied.
- Galvanised finish.
