

## Bollard with Machined Recess (Root Fixed)

Part Number ST59

### Features

Constructed using high grade stainless steel which features a machined recessed band.

Root fix embedded below ground level, utilising a steel bar to act as a robust below-ground anchor.

Polished to a fine satin Ra.5.

Stainless steel construction ensures simple recycling at end of use.

### Options

- The recess can be polished to match the bollard or reflective tape can be applied.
- Multi recesses are possible.
- Stainless steel grade 304 or 316 can be specified.
- 60.3mm to 325 mm diameter available.
- Any height can be produced.
- Base plated surface fix versions available.
